Access to DIACOMIT®

DIACOMIT®
(stiripentol) 250 mg, 500 mg
capsules or powder for oral suspension

BIOCODEX

What is my role as patient and what does DIACOMIT® Patient Access (DPA) do?

DIACOMIT® Patient Access (DPA)

PATIENT'S ROLE

- Provide DPA insurance information
- Respond to DPAs' phone call to coordinate shipment
- Inform DPA of any changes to insurance coverage, healthcare provider, or contact information
- Inform DPA of any dosage changes

DPA is provided through an Authorized Specialty Pharmacy that will:

- Dispense DIACOMIT®
- Process and coordinate DIACOMIT® prescriptions
- Provide assistance and programs for DIACOMIT®
- Provide educational support regarding medication management

DAY 1···3

- › DPA receives the enrollment form and assesses for any missing information
- › DPA confirms the enrollment form is complete and conducts a Benefit Verification and assesses for Quick Start/Bridge and/or Patient Assistance Program (PAP) (based on insurance benefits)

DAY 3···5

- › If the patient's insurance benefit covers DIACOMIT®, the specialty pharmacy runs a test claim and coordinates commercial shipment with patient
- › DPA coordinates Quick Start (insurance delay) or PAP (uninsured) shipment with patient

DAY 5···7

- › DIACOMIT® is shipped directly to patient

* Can be greater than 7 days if enrollment form is submitted with missing information

NOW A $0 COPAY

› Temporary Reimbursement Assistance
- *Quick Start:* Provides free fill up to 60 days at no cost to new eligible patients experiencing delays in gaining access to therapy.
- *Bridge:* Provides free fill up to 60 days at no cost to current patients experiencing a lapse in insurance coverage

› Reimbursement Assistance
- *Benefit Investigation:* Provide support with verifying insurance coverage for DIACOMIT®.
- *Prior Authorization and Appeal Assistance:* Provide support with prior authorization and appeal assistance.

› Copay Program
- Eligible patients treated with DIACOMIT® may pay as little as $25 per prescription.

› Patient Assistance Program
- DIACOMIT® is provided free to patients who are uninsured and meet certain criteria.
