If there is a delay in insurance authorization, Biocodex has designed a Quick Start program, subject to patient eligibility criteria. If you would like your patient to participate in this program, please submit a separate prescription for a 30-day supply with one refill to support providing DIACOMIT® to your patient while insurance authorization is pending. If you have questions about the program, please call US Bioservices at 833-248-0467.
